“2 Tables in 1!” CAM™

The Chiropractic And Massage Table from Lifetimer

Lifetimer proudly introduces the world's first 2 in 1 Chiropractic and Massage table: **CAM**. The revolutionary design allows you to quickly and easily convert the desired modular top cushions back and forth as needed, effectively saving you room space and the expense of an additional table.

This twin powered motorized elevation table, with two standard electronic foot pedals, effortlessly raises up to 600 lbs. Fast, quiet and maintenance free, this convertible table is unsurpassed in diverse functionality, patient comfort and common sense.

Engineered to be exceedingly stable, yet the **CAM** weighs only 120 lbs.

For more complete information about **CAM** and its optional modular features, contact Lifetimer.

Table shown with some options

Converts in seconds

Available in two heights see reverse side for specifications

Standard Features ▼

Flexion/extension head piece

Lifetimer's **CAM** is equipped with two motorized lifting columns that are activated by two standard foot pedals. These columns move in unison to raise and lower table height with the unparalleled speed of approximately 1.5 inches per second.

The main computerized control starts and stops lifting with elevator-like smoothness and takes into account any oblique load on the table. Beyond functionality, the **CAM** is fit with plush, removable ergonomic massage top and crescent face cushions. These interchange with the lower profile, firmer chiropractic cushions. All are covered with high quality Boltaflex™ prefixed vinyl.

With the design of the **CAM**, Lifetimer has effectively eliminated nearly all pinch points thus reducing the risk of liability.

Features:

Modular crescent face and top cushions interchange with standard & optional features. (See Lifetimer brochure or visit our website at www.lifetimerint.com)

Standard

- QuikTouch flexion/extension headpiece & arm rest, infinitely adjustable with easy access controls.
- Two individual foot switches control built-in elevator start/stop lifting feature.

Optional

- Elevation head piece adds 4 inches of elevation, levers are mounted on table front.
- Length extension adds 1 foot of table length.
- Half-moon shaped cushion replaces face cushion(s) to extend table length.

Available in 4 standard colors and can be branded with your own logo on optional grip covers. (Custom colors carry an additional charge and are non-refundable.)

Colors approximate actual vinyls

CAM™

Standard household AC 110 current.

Simply plug in the AC power cord to a grounded power outlet and the table is ready to operate.

MAINTENANCE-FREE

Warranty

*Before our products leave the factory they undergo full function and quality testing. We are so sure that the **CAM** will give you many years of problem-free operation, that we offer a lifetime warranty subject to the following conditions.*

Lifetimer is committed to your satisfaction and the satisfaction of your patients. For individuals purchasing a Lifetimer table, we offer a 30-day money back guarantee. In the event of a return, the individual returning goods is responsible for all shipping and handling costs plus 15% restocking fee. Lifetimer warranties each Lifetimer product against defects in materials and workmanship for the life of the product from the date of sale to the original purchaser. Any table or item found to be defective will be replaced or repaired at no charge when returned to Lifetimer. The Lifetimer warranty assures you of our intent to provide only the finest materials and craftsmanship in every product that bears the Lifetimer name. This warranty extends only to the initial owner and does not apply to damages from accident, shipping, neglect, misuse, or normal wear and tear.

Motorized Part Warranty

The 12-month warranty against manufacturing faults on motorized and computer related parts is calculated from the production date of the **CAM** table. Lifetimer warranty is only valid in so far as the equipment has been used and maintained correctly and has not been tampered with. Furthermore the system must not be exposed to violent treatment or damage that is beyond normal daily use. In the event of this, the warranty will be ineffective/invalid.

We reserve the right to change specifications and warranty at any time. Lifetimer ensures that our products meet the highest quality and durability standards possible.

For further warranty information visit our website at: www.lifetimerint.com or call toll free 1-888-421-0401. "Warranty does not apply to international purchases."
